

Terms of Acceptance

When a patient seeks Chiropractic health care and when a Chiropractor accepts a patient for such care, it is essential both are speaking and working for the same goals. Chiropractic **DOES NOT** diagnose or treat disease. Chiropractic has only one goal:

TO LOCALIZE, ANALYZE AND CORRECT SPINAL INTERFERENCE TO THE NERVOUS SYSTEM

The purpose of the nervous system is to control and coordinate all the bodily functions. Interference to this master system automatically produces improper function in the body. The SUBLUXATION (spinal misalignment producing nerve interference), in and of itself, is a detriment to life and health. Correction of the subluxation through a specific Chiropractic adjustment allows the body to function at its optimum level. This allows the INNATE healing power of the body to work at maximum efficiency to restore, maintain, and promote natural health.

WE DO NOT DIAGNOSE CONDITIONS OR DISEASES OTHER THAN VERTEBRAL SUBLUXATIONS.

WE OFFER NO TREATMENT OF CONDITIONS OR DISEASES OTHER THAN VERTEBRAL SUBLUXATIONS

WE PROMISE NO CURE FROM ANY CONDITIONS OR DISEASES

THE CHIROPRACTIC ADJUSTMENT RESTORES LIFE AND HEALTH TO ITS FULLEST POTENTIAL!!!

I, _____ have read the above statement, and understand it fully, and do undertake chiropractic health care on this basis.
